

ROYAL NAVY/ROYAL MARINES TELEMAR 2009

Finding Alpine skiing dull? Think snowboard is passé? Got to the end of the day and feel like you haven't really earned that 'Vin Chaud', 'Gluwein' or frothy continental lager? Fancy a rewarding challenge that is guaranteed to improve your skiing (whatever discipline you finally rest on)? Want to rekindle the thrill and buzz you first felt when you started the sport? Or are you just inclined to be a bit alternative and like to show off...(That's an appeal direct to the vanity of the submariners and pilots out there in case you were wondering...)

Try Telemark

Open your eyes, free the heel and the mind will follow! It's not an attitude thing...

This coming season the Royal Navy Winter Sports association are looking to attract new blood into telemark skiing. There are two events to choose from allowing you maximum flexibility to fit a trip in around you and your 'ship-mates' potential work commitments.

ARMY AND NAVY TELEMAR SKI CHAMPIONSHIPS 3-15 January 2009
